

# ASPIRA Haugan Middle School Remote Learning Plan: For Families

During school closure, ASPIRA Haugan Middle School’s goal is to provide students with remote learning opportunities to help minimize instructional time loss. We will provide students with routines and structures to help stay engaged and connected, and ensure that students are healthy. ASPIRA Haugan Middle School will implement the plan below.

- This plan summarizes our plan by telling you:
  - The minimum amount of time your student should spend in structured academic activity.
  - How you can access learning materials digitally.
  - The key learning platforms your student will use.
  - How your student can access their teacher, and when they should expect feedback on work submitted.
  - How your student can access learning materials if you don’t have easy access to a computer.
  - How we will communicate with you as a school, along with how your student can get support during the school day if they are stuck on an assignment.

| Daily Minutes Goal                                                                                                                                                                                                                                                                                                                                                                                      | Learning Materials<br>Communication Tool                                       | Learning Platforms                                                                           | Teacher- Student Connection<br>Plan                                                                                                                                      |

# A Haugan Middle School Remote Learning Plan: For Families

## Non-Digital Remote Learning Plan

**Activity Packets for all Content Areas:** Available for pick-up at the school Monday-Friday 9-1

and standards-aligned activities to support student learning while schools are closed due to COVID-19. These Remote Learning Packets are designed so that students can work on independently or with help from an adult. Remote Learning Packets are organized by grade level. Activities will be available in English and Spanish and will be posted bi-weekly throughout the remainder of the closure on the CPS website.

Work through these projects over multiple days and in any order. Projects are designed to meet the Remote Learning instructional grade band.

Find packets at the following website: <https://cps.edu/Pages/EnrichmentLearningResources.aspx>

To print these materials or use them digitally, you can go to any school-based food distribution site and pick up a printed packet.

---

## School Communication Plan

**Weekly:** Our School website <https://aspirail.org/> will be updated weekly. Update will include links to our teacher Google Classroom, links to reach out to our staff, and teacher shout-outs for students. These activities are enrichment opportunities provided in addition to regular assigned work.

**Weekly:** This email will include important updates regarding school closures, contact information for all staff, as well as responses to questions.

---

# A Haugan Middle School Remote Learning Plan: For Families

## School Day Student Support Plan

**Hours:** Teachers and staff members will be available on Google Meet during all hours of the school day from 9:00 am to 3:00 pm. Students (via their IRA email addresses) or Parents can invite teachers or staff to ask any questions they have, or join pre-established Google Meet sessions listed in the [calendar](#) below.

# A Haugan Middle School Remote Learning Plan: For Families

re de la escuela, el objetivo de aspira Haugan Middle School es proporcionar a los estudiantes oportunidades de aprendizaje remoto para minimizar la pérdida de instrucción, proporcionando a los estudiantes rutinas y estructuras para ayudar a mantenerse comprometidos y saludables. ASPIRA Haugan Middle School cumplirá con estos objetivos implementando el siguiente plan:

- Este plan resume nuestro plan dejándole saber:
- La cantidad mínima de tiempo que su estudiante debe pasar en la actividad académica estructurada.
- Cómo puede acceder a los materiales de aprendizaje digitalmente.
- Las plataformas de aprendizaje clave que usará su estudiante.
- Cómo su alumno puede acceder a su maestro y cuándo debe esperar comentarios sobre el trabajo enviado.
- Cómo su estudiante puede acceder a los materiales de aprendizaje si usted no tiene fácil acceso a una computadora.
- Cómo nos comunicaremos con usted, y cómo su estudiante puede obtener apoyo durante el día escolar si tiene problemas en una tarea.
